Hi Stan,
We are still finishing up the portion of tribal consultation we wanted to do before issuing the draft permits with two remaining tribes: the Oglala Sioux & the Cheyenne River Sioux Tribes.

Then we will issue the draft permits. I don't have a date yet for when we will issue the draft permits. The day the draft permits are issued, I plan to email you, Alisha and Julia, along with the other THPOs and environmental directors for the Tribes we are in contact with.

Thanks for checking in & please feel free to contact me with any more questions!

Greg,

Good afternoon, I hope all is going well for you and your family. I am attending the TELF this week and a couple of the environmental directors from Region 7 asked about the Dewey Burdock permit and requested an update. Any information would be appreciated.

Thanks,

Stanley R. Holder Jr.

Subject: Consultation - Dewey Burdock

Redina / Alisha;

We received your request for consultation on the Dewey Burdock permit applications.

We would like to offer a video teleconference for this consultation if the tribe has the capability and would choose this method.

As mentioned, we would like to hold the consultation sometime in February, 2016.

Please let us know the preferred consultation the tribe would like and also availability in February.

Looking forward to talking with you again soon.

Thank you,

Greg Phillips
